THAT'S NOT HER PICTURE

(Bill Anderson - Gary Burr)

© '00 Sony/ATV Songs

RECORDED BY JOHN MICHAEL MONTGOMERY

That's not her picture I wish it was  
It came with the wallet I keep it because  
It reminds me of her it reminds me of us  
That's not her picture  
I haven't replaced it I don't know why  
It may be the blonde hair it may be the smile  
It brings back the feeling for a little while  
That's not her picture  
I know it's wrong it's a total stranger  
A photo from the discount store  
Her picture's home in a thousand pieces  
Scattered on the bedroom floor  
She might have her eyes might have her face  
Might look like her in so many ways  
It fools the heart it fills the space  
That's not her picture  
I know it's wrong it's a total stranger...  
That's not her picture I wish it was...  
Oh thank you for asking I miss her so much  
But that's not her picture
