Railroad steamboat river and cannal yonder comes a
sucker and he's got my girl
And she's gone gone gone and she's gone gone gone
and I'll bid her my last farewell

I fell in love with a pretty little thing I thought that
wedding bells would ring
She was as sweet as she could be till I found out what
she did to me
Railroad steamboat..
[guitar]
Now I won't cry my life away some other sucker will
have to pay
And when he finds that she is gone I bet I'll hear him
sing this song
Railroad steamboat..
