Money for life,  
Profit for lies,  
Monopolised,  
And capitalise our lives.

Glaxosmithcline

Hold back the rights,  
Push up the place,  
Ignore their plights,  
And make out they're on our side,  
On our side,

Take back what you gave,  
We'll find another way,  
To take away our pain,  
With every word you say,  
You make out we are safe,  
That we are saved,  
Clutched from the grave  
Were watching as you trade,

Money for life,  
Profit for lies,  
Monopolised,  
And capitalise,

Money for life,  
Profit for lies,  
Monopolised,  
And capitalised our lives,
