New single from Dessa off of her new "Parts of Speech" album coming out in June. I can't wait to see her and her live touring band play on May, 12th  
At Local 506!

Lyrics:

A wick with no candle  
A wheel with no axle  
I ride with no saddle  
No lift, then I'm dragging the kite

A blade with no handle  
A brick for your window  
I'm fine but I'm single  
A dime and  
I'm the same on both sides

You're a stone-cold killer you say  
But you're looking like a part-time criminal  
Waive the charade  
Man, you lay it on thick  
It's a dive bar, save the game  
You drink and you sit  
Easy to please  
But hard to impress  
I'm in a mood, new shoes, and a bulletproof dress  
Sugar on the rim and a shot of mescal  
Man, it's murder in the morning  
But it's good for morale  
Can you mortar more  
Looks like you're bricking with both hands  
Get the spirit level  
Or the skeleton won't stand  
Fuck the plan, man  
I'm tryna call an audible  
Probable lost cause  
But I got a thing for long shots  
Yes, yes, naysayers got the wrong job  
Best bet when you think they got the wrong odds

And Iâ€™ve done some living in a glass house  
High note blew the motherfucking walls off

And I sleep  
With both eyes open  
Standing up  
Alone and holding  
Off the rust  
And Iâ€™m still living by my maiden name  
The name I came with  
The name I made  
And Iâ€™m bare-faced at your masquerade  
Filled a flask up before I came  
Because night falls  
We all wanna hear that fight song  
Car running like a nylon  
Brights on  
Timeâ€™s right but the clockâ€™s wrong  
Never set it, never settle in a time zone  
Take what I need with me  
Pray for rain but brace for whiskey  
Something in the tank, money in the bank  
Callin it a win we  
Give a little thanks, give a little back  
Busy with the grand plan  
Take one last look  
Left the bandwagon  
For a banned book  
To break out you gotta give up the chase  
To make love you gotta take off the brace  
And we all leave it feeling half done  
Best you can do is just put a hand up  
Hope grace and good works in the end add up  
Find out when the pendulum hangs plumb
