Hush now child and don't you cry  
Your folks might understand you by and by  
Move on up towards your destination  
You may find from time to time complications

Bite your lip and take a trip  
Though there may be wet road ahead  
You cannot slip  
So move on up and peace you will find

Into the steeple of beautiful people  
Where there's only one kind  
So hush now child and don't you cry  
Your folks might understand you by and by

So move on up and keep on wishing  
Remember your dreams are your only schemes  
So keep on pushing  
Take nothing less, not even second best

And do not obey, you must have your say  
You can pass the test  
Move on up, move on up, move on up
