I'm trying not to drown
In the sea where I was thrown
I can't believe how bad I'm down
I always thought that I'm not bound

I'm walking circles in my room
I'm completely out of tune
My feelings seem to fade away
Just to come back the other day

And it's all because of you
And it's all because of you
And I don't want to miss you
All because of you
And it's all because of you
And I don't want to miss a thing

My friends lost sight of who I am
And it's senseless to pretend
That I'm the same 'cause I did change
Imbalance livin' in my head

All the compassion that is spent
It's a beginning, not an end
Oh all these good words cannot help
Reminding me that I had failed

And it's all because of you
And it's all because of you
And I don't want to miss you
All because of you
And it's all because of you
And I don't want to miss a thing
