Someday when daylight turns it's back on me
And words turn to lies
Will I see through your eyes?
And halfway our sins and sorrows turned to grey
To what we both despise
This is how it all dies
So trapped in paralyzin'
Till you wake 'n realize
It gets you through the night

You can burn all cities down but you can't stop me
Turn my insides out and get a getaway
And I never will deny that you're the fuel to my fire
Burn me to the ground but you won't stop me

Right here I'm wide awake in twilight
Your shadow turns to dust
Like a thief in the night
So trapped in paralyzin'
Till you wake 'n realize it yeah
It gets you through the night
Take all that's left cause you can...

So did we end up here tonight?
Lost ourselves with open eyes
If we cannot take this leap
We're a promise we can't keep
We will never make it out alive
