Is there anybody knockin' on the door  
Was it me lying drunk on the floor  
I regret everything that I did  
Even if I do not remember it

I got no memory and now I give up  
Who gave me drinks when I just had enough  
Where did this evening end who have I met  
Where am I now, someone else in this bed

My head it hurts but I open up my eyes  
I've got clothes on but these pants are not mine  
I'm in a room that I've never seen before  
I was drunk of nothin' else I am sure

I got no memory and now I give up  
Who gave me bottles when I just had enough  
Where did this evening end who have I met  
Where am I now, someone else in this bed

Welcome to Hangover  
What takes me through the day  
And the worst thing is  
I'll do it all again  
On the next weekend  
When I am with my friends  
Welcome to Hangover again

Oh at last we've got to live with what we do  
Even if it's sometimes hard to get through  
It was all myself the Whiskey just helped  
I hope there's not another friendship that failed

I got no memory and now I give up  
Who gave me bottles when I just had enough  
Where did this evening end who have I met  
Where am I now, someone else in this bed

Welcome to Hangover  
What takes me through the day  
And the worst thing is  
I'll do it all again

On the next weekend  
When I am with my friends  
Welcome to Hangover again
