"All The People"

I wanna move mountains, leave them all behind
Gonna bend all my wrongs into right
I wanna stretch my arm strong, reaching out my faith
I'm gonna start it all tonight if it's not too late
No it's not too late

I wanna cross distance at the speed of light
I'm gonna tell it to who's listening tonight

All the people, awake or dreaming
Now it's real, the things I'm seeking
All the people, keep me dreaming
If they don't see you the way I'm seeing you

I wanna move rivers, spread them 'till it rains
Gonna let the tide run into my veins
I wanna get my eyes peeled, know what to do
And somewhere I'll be listening to you
