

Destinity "And Silence"

Visit "[And Silence](#)" on MotoLyrics.com

Their stupidity is freezing my blood.
Their breath awake my impulses.
I want to see them suffering and rotting.
Their lives awake my impulses.

Leurs voix agacent mon esprit troublé,
Leur infernale jovialité m'exacerbe,
Je veux les voir rmpier et me supplier...

I want to see dark flames from hell
Burns all humans and spread chaos.
I want to see the end of time.
I want to see Hate, Death and Silence.

Their stupidity is troubling my soul.
That the noise arrives from Darkness.
To liberate the eternal silence.
That this silence reign for centuries...

Que le néant suprême s'amène!
Que le silence éternel entre dans ce monde!
Que ce silence terrasse ces larves humaines!
