Devils are arriving that night!
Devils came and slayed.
Devils are invading the sky!
Devils came and killed.
Devils are arriving that night!
Devils came and raped.
Gather your legions from my
Dark realm of hate and sadness...

The time of revenge arrived.
That is this world vomits the truth.
The time of the hate arrived.
This world is crawling...

Into darkened flames of hate and suffering.
I see human's souls raped by our Black legions...

That this world give birth it's hate.
That this hate destroy all souls.
Made it in pain and suffering
As a midwife armed by forceps...

I escape from my realm
Of hate and loneliness.
I escape from my realm
Where's no place for humans...

Kill! Your God!
Die! And rot!

I want to have and carry the torch of
The mourning humanity.
I want to see them crawling and soiled.
I want that human's spirits
Understand that the world must change since years.
I want to see them crawling
With my feet and praying for me
And for the reign of black legions...
