Enchained to their stupid
Irrational convictions graved since years
And since the dark beginning.
They are seeing red flames spreading on earth.
Today they appreciate to teach secrets of Darkness.

Until death desire...
Until the death they will fight...

Why did you adore to be humiliated?
Why did you adore to be raped and guided?
We are progenies of the futile future!

Beyond their writings
Beyond their words
You understood their sad lies.

Beyond their writings
Beyond their words
You understood their autism.

Beyond their writings
Beyond their words
You understood pains of God.

Why did you adore to be humiliated?
Why did you adore to be raped and guided?
We are progenies of the futile future!
