That this must finish,
Nothing is forever...

She excuses if I sound lasts,
But already I do not love you.
That you are not for my,
And I am not for you...

That this must finish,
Nothing is forever...
I am tired of all that,
And am tired of you...

That this must finish,
I am arranged to everything.
I will say good-bye and will go away,
I do not want anything any more with you.

I will say good-bye and will go away,
I do not want anything with you...
I hope that you understand any cycle it has his end,
Excuse me..

From the first moment I knew it,
This had to end...
Very few things are forever...

It she wanted that this was different,
We can to be an alone friend.
I do not want that you suffer, friend!

I will say good-bye and will go away,
I do not want anything with you...
I hope that you understand any cycle it has his end,
Good-bye!
