They are fighting on islands.
They are fighting at sea.
They are fighting for justice.
They are fighting for me.
I'm not a believer.
Thank God for that.
They try to use me as a receiver
for their useless chat.

The root of all evil
is what we have in mind.
I don't know what
they are trying to find.
Maybe the creator of Adam and Eve.
But why in hell must they hate
each others beliefs.

Roots of all evil.
The roots of our minds.
Religion, religion.

One man is for heaven,
the other represents hell.
And they start to fight
when they ring the bell.
Don't think I'm watching
this senseless game.
For me and my soul
they do just the same.

Roots of all evil.
The roots of our minds.
Religion, religion.

Black:
is the collar of the priest and his voice.
Light:
is the force he wants to praise.
Knight:
is the title of the man who does the killing work.

People are ruined
by the collecting man.
And the money finances a plan.
The meaning of his message is to get
you signed on their list of hired minds.

Roots of all evil.
The roots of our minds.
Religion, religion.

Black:
is the collar of the priest and his voice.
Light:
is the force he wants to praise.
Knight:
is the title of the man who does the killing work.

Why can't they be satisfied
with their work with souls?
Why must the money take control?
The priests are all waiting
for the final cut of the universe.

Roots of all evil.
The roots of our minds.
Religion, religion.
