Merging all at once.  
Moving at a pace 1000 strong!  
When do you feel fair?  
Is it only when your head is out there?

I know when the smoke invades your lungs.  
Yes, I know it makes you feel like your someone.

Will you draw the line or forfeit your name?  
Cause who you were and what you are now, they're not  
the same.

Your larger than the rooms you place yourself into.  
It's harder to know, that I cannot help or save you.  
"Its O.K", you say that, "you've been down".  
Well I've got news for you... We've all been down  
before.

You're a fake, you're a fraud, to everyone or anything  
that talks.
