I remebered all the good times (I sstill do)  
I remembered all the bad times (I still do)  
Somethings don't change  
Somethings don't change

We are bff's  
We go through the bad and good times together  
We are bff's forever  
We are bff's (oh) bff's

They say we are sisters, but we're not  
They say we are cousins  
But we say no, no, no  
We are just bff's

We are bff's  
We go through the bad and good times together

We are bff's forever  
We are bff's (oh) bff's

(Bridge)  
We could fight  
But we hold  
Hold on tight  
We could run and we never look back  
That's because we are bff's

We got hrough the bad and good times together  
We are bff's forever  
We are bff's (oh) bff's

We are bff's we got through the bad and good times  
together  
We are bff's forever  
We are bff's (oh) bff's
