Verse 1

Wait a minute, wait a minute
I think I got to take some time and clear my mind
Cause if I don't I might (scream)
Scream out loud in a little bit
I'm tell you what I'm talking about
Ladies (ladies, ladies)
If you know what I mean
When you in love you give your everything
(I'm tired of that happening)
This time is for me
You been doing you
I'm goin' do me
Ladies help me sing it

Pre-Chorus

You steady telling lies
I stayed and pacified
While I kept denying the truth
You always here and there
Finally I don't care
I'm going to keep it real with you

Chorus

Ain't no feeling like being free
When your mind's made up
And your heart is in the right place, yeah
Ain't no feeling like being free
When you've done all you could
But what's misunderstood (it's all good, it's all good)
Ain't no feeling like being free
I'm like an eagle set free
And finally I'm looking out for me
Ain't no feeling like being free
Cause my mind's made up
And my heart is in the right place, yeah

Verse 2

Hold 'em up, wait a second
I got get something off my chest
My happiness was your happiness, I lived and

(Breathed) you and all your needs
Let me speak, it's best I do what's best for me
Now ladies, ladies (ladies)
I got my mind back
I've been there and done that (no looking back no)
Oh, this time is for me
If you been doing you
I'm going to do me
I'm free

Pre-Chorus 2

Time is of the essence
And it's much too short to waste another
Minute on you
While you steady trying to hide
I'm packing saying bye
Thought you were my dream come true

Chorus

Bridge

No it ain't easy being left out (no)
Or being forgotten about (being forgotten about)
You didn't deserve my love (my love)
I've had enough set me free (free)

Chorus

Verse 3

Can I get some loving (mmm)
Can I get some time (mmm)
Loving in morning (yeah)
And in the midnight hour (baby, baby)
I gave you everything you wanted (wanted)
I gave you everything you needed (mmm)
But you just didn't do right so baby I'm leaving
It feels so good to be free

Chorus out
