I wish i can can look in your eyes.and tell you how i feel

(miss you) how i wish how i wish i can be with you right  
now (right now) every morning every afternoon evry  
night i wanna be with you we don't have go to the park  
or watch a play i just (wanna be with you) i love  
everything about you from your old school tennis to the  
way you move when you dancing with me (do you  
remember our first kiss) it wasn't long enough all of the  
conversations all of your sweet pages there never long  
enough when it's time for me to say goodbye i never
