(Chorus)

Now that she's gone, you wanna come back
Is that a fact?
You've got it like that
You've made me wait too long, I'm gone
Now that she's gone, you wanna come back
Is that a fact?
You've got it like that
You've made me wait too long, I'm gone

Take her to the movies, dinner all the time
Shopping sprees for her; on me you never spent a
dime
But I was there for you when you had nothing at all
Then you got a lil job and she's the one you call and

(Chorus)

You've taken me for granted but you only get one
chance
Then you left me hurting and it won't happen again
So she finally left you, it ain't no surprise
That you miss your water 'cause your well went dry

(Chorus 2X)

Bridge:

Understand, I understand, why you think I want you
back
After what you did to me
Did you think you blinded me?
Boy you know whatever you do it will all come back to
you
'Cause you tried to play me like a fool
Understand, I understand, why you think I want you
back
After what you did to me
Did you think you blinded me?
Boy you know whatever you do it will all come back to
you

(Chorus with adlibs to fade)
