[Intro]

Hey baby

I wish you could see what I have on right now

You so sexy

Imagine how intense it would be to hold me right now

Our song's playing

[Verse 1 (Beyonce)]

At night when you're far and I'm alone

I feel the fabric from your t-shirt

Close To My Body...

I can still hear your baritone

In my ear telling me you'll take it slow,

And I was in the mirror playing role

Like you were here, I couldn't turn me on,

So I fell asleep with the music on,

Woke up again hearing the same old song, playing

[ Bridge (Kelly) ]

(Oh) Give it to me deeper

(Oh) You giving me the fever

(Oh) Now you got my feet up

This one is a keeper

Now the second verse is playing

(Oh) Won't we try to stand up

(Oh) Hold me while my hands up

(Oh) And the music picks up

Fantasies were shook up

I'm thinking to myself again

[ Chorus ]

When you're not here (I sleep in your t-shirt)

I wish you were here (To take off your t-shirt)

After we make love (I sleep in your t-shirt)

Wake up in your t-shirt

Still smell the scent of your cologne

When I need your feel (I sleep in your t-shirt)

I need you help ( to take off your t-shirt)

After we make love (I sleep in your t-shirt)

Wake up in your t-shirt,

Still smell the scent of your cologne

[ verse 2 (Beyonce) ]

Outside, I hear the rain on my windowpane  
Hold up a minute, thought I heard your name  
My mind, playing tricks on me again  
I hear knocks at the door, is that my baby home  
Why, couldn't it be reality  
Looked at the clock and it says 4:03  
At 9, he'll be arriving on a plane  
Then we'll be making love and hearing the song again

[ Bridge (Kelly)]

[ Chorus ]

[ Michelle ]

Oh boy I've been waiting  
Now my body's shaking  
You're so deep, baby please, take it easy  
I look at your face and  
Got my heart racing  
You're so deep, baby please, take it easy

[ Talking (Beyonce)]

Keep it right there,  
Oh, wait, wait, yeah  
Keep it right there  
You driving me crazy

[ Chorus ]
