[Verse I]

I'm feeling way too cool tonight (Tonight)
Got my hat cocked to the right
I ain't tryin' to break a sweat
Just slide
Back and forth, side to side
Back it up, I don't wanna grind (Oooo)
Slow down and take your time
When i move my hips just right (Right)
Lead the way I'll ablige

[Chorus]

Fly girls get your two step on
Pimps and players get your two step on
All my G's get your two step on
Sexy ladies get your two step on
Pretty girls get your two step on
Hustlers get your two step on
All my thugs get your two step on
Classy ladies get your two step on

[Verse II]

Lookin' way too fly tonight (Tonight)
Catchin' all them sneaky eyes (Eyes)
I can tell you fantasize
Starin' up and down my thighs
When I shake and dip just like...(Ohh Ooo)
I know it's just the way you like (Like)
Be a gentleman, act polite
Lead the way and I'll abide

[Chorus]

Uh Uh Ohh

Uh Uh Ohh
Uh Uh Uh Uh Uh Ohh

Uh Uh Ohh
Uh Uh Ohh
Uh Uh Uh Uh Uh Ohh

[Verse III]

Such a crazy feeling
Let the music hypnotize you on the floor
As we dip and pglide so cool to the rhythm
Let the magic make it happen
Sing along (Yeaahhh Yeah..)
Dressing up, sexy people having fun (Yeahâ€¦)
Shoes is new don't scuff 'em up (Yeahâ€¦)
Take your time and enjoy yourself (Yeahâ€¦)

[Chorus]

[Verse IV]

Clap your hands
Break it down, get it in
Side to side back and forth and do it again
(C'mon)
Break it down, get it in
Side to side back and forth and do it again
(We gon') break it down, get it in
Side to side back an forth and do it again
(We gon') break it down, get it in
Side to side back an forth and do it again

[Chorus]
