(JD)

Everything you like is with me

So if you know

Like I know

This is where you need to be

(Destiny's Child)

Chorus:

Do you ever wonder when he

Don't come home who he goes to see

And why in the middle of the night he leaves you alone

Leaves you alone, he's with me

Do you ever wonder when he

Don't come home who he goes to see

And why in the middle of the night he leaves you alone

Cause everything he likes is with me

If I was in your shoes

I would have to let him know

From the first sign of him tryin' to play

If he wants me to stay

He's gotta let all that go

No, but no, you wanna stick around

And I believe in what you see

And while you're waitin'

Thinkin' everything's gonna be okay

I've got 'm, I've got 'm right here with me

CHORUS

I wanna call you so bad

Tell you where we started

And what we do

How long it's been goin' on

Why he ain't gonna never come home

Cause I know what you didn't do

To make him stay

You see a bad performing

Unfulfilling woman

Drives a man away

CHORUS

Now as far as I know

He's in good hands

So you can stop callin' all around

Sayin' have you seen my man, seen my man

Ain't no need to fuss and fight
Tryin' to make it right
Certain things ain't meant to be
And that's why, that's why he's right here with me
