[Verse 1- Beyonce]

Wait a minute, wait a minute  
I think I got to take some time and clear my mind cause  
if I don't I might (scream)  
Scream out loud in a little bit  
I'm a tell you what I'm talking about Ladies (Ladies,  
ladies)  
If you know what I mean  
When you in love you give your everything  
(I'm tired of that happening)  
This time is for you and me  
You been doing you  
I'm goin' do me  
Ladies help me sing it

[Pre-chorus]

You steady telling lies  
I stayed and pacified  
While I kept denying the truth  
You always here and there  
Finally I don't care  
I'm going to keep it real with you

[Chorus]

Ain't no feeling like being free  
When your mind's made up  
And your hearts in the right place, yeah  
Ain't no feeling like being free  
When you've done all you could  
But what's misunderstood  
(It's all good, it's all good)  
Ain't no feeling like being free  
I'm like an eagle set free  
And finally I'm looking out for me  
Ain't no feeling like being free  
Cause my mind's made up  
And my heart is in the right place, yeah

[Verse 2- Beyonce]

Hold 'em up, wait a second

I got to get something off my chest  
My happiness was our happiness, I lived and  
(breathed)  
You and all your needs  
Let me speak, it's best I do what's best for me  
Now ladies, (ladies)  
I got my mind back  
I been there and done that (no looking back no)  
Oh, this time is for me  
If you been doing you  
I'm going to do me  
I'm free

[Pre-chorus 2]  
Time is of the essence  
And it's much too short to waste another minute on you  
While you steady trying to hide  
I'm packing saying bye  
Thought you were my dream come true

[Repeat Chorus]  
[Bridge (Kelly)]  
No it ain't easy being left out (no)  
Or being forgotten about (being forgotten about)  
You don't deserve my love (my love)  
I've had enough set me free (free)

[Repeat Chorus]

[Verse 3- (Michelle)]  
Can I get some loving (mmm)  
Can I get some time (mmm)  
Loving in the morning (Yeah)  
And in the midnight hour (baby, baby)  
I gave you everything you wanted (wanted)  
I gave you everything you needed (mmm)  
But you just didn't do right (no, no)  
So baby I'm leaving  
It feels good to be free

[Chorus Out]
