Sitting on the stairway, hoping that you're okay
Waiting patiently for you to come back to me
(What should I do)
And I don't mind the waiting as long as there's still
maybe
A possibility for you to be true to me

I'll be sitting on the stairway
Till a quarter till two
With nothing to do baby, yeah
But twiddle my thumbs and think

Killing time, waiting on you, what should I do
I'll be sitting here waiting
Killing time, waiting on you, what should I do
I'll be sitting here waiting

Look inside your mirror, I hope that you see clearer
Then look behind yourself and you will find me
(What should I do)
I got your back baby, the love I have I'm saving
I'll be there for you just like I said I'll be here

I'll be sitting on the stairway
Till a quarter till three
With nothing to do baby, yeah
But twiddle my thumbs and think

Killing time, waiting on you, what should I do
I'll be sitting here waiting
Killing time, waiting on you, what should I do
I'll be sitting here waiting

Oh baby when you come back down
Don't forget the love you found in me
I know that you're gonna take time
But remember I'm by your side
Don't worry I'm down for you
No matter what you're going through
I'll be there, I'll be there
Baby, baby, baby, baby, baby

Killing time, waiting on you, what should I do
I'll be sitting here waiting
Killing time, waiting on you, what should I do
I'll be sitting here waiting

Killing time, waiting on you what should I do
I'll be sitting here waiting
Killing time, waiting on you what should I do
I'll be sitting here waiting

Killing time, waiting on you
Killing time, waiting on you
