I like the way I feel
The way you keep it real
So many simple things
That you don't know the joy you bring
I like how you an me work
when we hang out we're so happy
I never want it to end
I know that we'll always be down and be together
cos thats how I want to be

Any time you're feelin down
I wil always be around
Know that

You know that.

You dont have to go nowhere
I will always be right here
Know that

You know that..

I crazy 'bout the way

You let me do my thing
So many reasons why
I want you in my life
I like how you and me
no doubt about
We're were meant to be

I never want it to end
I know that we'll always be down and be together
thats how i want it to be

so..

no doubt about..
I got ya back
Can no one come between us

together -- forever babe

[chorus] x 4 to fade
