[Mocha]

Yo, that's what love will do, leave a chick gullible  
Everything wonderful 'till he leave, I'm onto you  
Yeah I seen it before, I don't need it no more  
I'm overseas on tour and that ain't my feet in the door  
And for those nigga's out tryin' to scam stacks from me  
Well that depends how you handle my cat for me  
Get affectionate and erectionate  
But the less you trick, that's the less you get  
There you go, I got impressions to stress on  
You just second best-on, stop second guess-on  
You never listen, you can't stop it, I'm on fire  
Know that you goin' leave out here wit' your pockets  
lighter  
Count a stack, about a hundred grand, rubber bands  
I'm like your other hands, ain't no other man,  
understand  
And I'll tell you who told you that, hold that  
I don't want it if you can't throw back, know that

[DC]

Baby boy, I can see that you want me  
But baby it ain't that easy  
Take your time and do it right  
You gotta work at me  
Cause I'm not that type, baby

1 - I need you to stimulate me  
You can have me  
If you want me  
I need you to stimulate me  
You can have me  
If you want me, want me

Take me out in the six  
Lemme know how much you wanna be up in the mix

You say you want my sweet body  
But first you gotta pamper me  
You say you got a phat crib in the hills  
Don't mean a thing to me unless I got the key  
Cuz If you split, half goes to me (To me)

Repeat 1

[R] Mami, what you want from a playa like me  
Out in the streets, livin' O.C.  
[Mocha] Papi what you want from a honey like me  
Ghetto sweet, hot Don P's  
[R] Pick you up from college and take you to my crib  
We can max out, then hee hee hee  
[Mocha] It sounds real sweet, but first we hit the mall  
Shoppin' sprees, what you coppin' me?

Repeat 1

Repeat 1 while:  
I'll tell you what it's all about  
But first you gotta take me out  
Promise me it will be good  
Treat me like a balla should

Repeat 1 while:  
I'll tell you what it's all about  
But first you gotta take me out  
Promise me it will be good Treat me like a balla should  
Repeat 1 until fade
