Beyonce' - You know you really, really, really, really,
want to be with me
So why don't you stop beating around the bush
and come and give it to me
Derek we can make beautiful music together
if you only stop resisting the only woman that you really
want
and its not wifey

Mekhi - Hey! You're real social
I don't like the way you're looking
Don't get too close
I'm about to take you down to booking

Beyonce' - C'mon and touch me D I know you want to

Mekhi - Look, I only need your prints,
don't really care about your frontal

Beyonce' - I don't see me living another day
without your tender kisses
Why don't we retire to the room,
put on some Luther, light some incents
Get to know one another just a little better
than we do now

Mekhi - You trying to act like I'm not a cop

Beyonce' - You can bring the cuffs, if you would like to,
if that's your style

Mekhi - Looks let's get it straight, you cease and disist
I got some platinum bracelets
I'm about to squeeze on ya wrists

Beyonce' - But you don't understand the way that I feel,
the pain I could heal

Mekhi - I could lose my job for this,
there is no way we could chill

Beyonce' - So why you bring me this far,
now let's try to be real
Cause only time will reveal
if you still playing the field
Every second that you stay is like an hour we will
I got a couple days to kill,
either you down or you peel

I don't want anything without you in my life,
you are my baby
Why don't you forget about your girl
and say you want me as your lady
Get to know one another just a little better-a
