Chapter one

LAX departure

Flight 1106 he sat right next to me

Chapter two

He was cute so I asked him if he had a lucky lady  
claiming him

Chapter three

He made it clear that he was single  
And he was searching for a partner just like me

Chapter four

We landed and he said we just can't end it  
Cuz he needed a little more time wit me

Weeks later we datin

Taking me all kinda places

Showing me things I never seen

It was kinda crazy

I'm relating to this man so I gave him

Every hidden secret part of me

Ohoo then it switched

What is this overheard your messages

When I questioned you, you said she's a friend

Now it's funny that I'm runnin into you is that your  
boo

Nigga tell her I'm your main event

Why you actin like you don't know

Who I am

After all the trips, all time we spent

Now you act like we weren't doin it

Why you actin like you don't know

Girl I know your man

I drove his whip, I know all his friends

And I know its gone hurt you proving it

Why you actin like you don't know

Who I am

After all the trips, all time we spent

You gone act like we weren't doin it

Why you actin like you don't know  
Girl I know your man  
After all the trips, all time we spent  
And I know its gone hurt you proving it

*[Kelly:]*

Think I'm lying  
His Mama, Mrs. Parker  
And I sat down in the den and watched Comic View  
Think I'm lying  
His boxers  
He likes to wear Calvin Klein  
With the open front fly design size 32  
Think I'm lying  
I never could describe his birth mark  
If I never did let him hit and get into this  
Think I'm lying  
I can even tell you your size  
Cuz you left your bra behind in his bathroom

Weeks later we datin  
Taking me all kinda places  
Showing me things I never seen  
It was kinda crazy  
I'm relating to this man so I gave him  
Every little secret part of me

Ohooh then it switched

See you makin it harder  
For the other man  
When a real woman  
Try to let you in  
Now she lookin at me  
Thinkin I disrespect  
But thas not my way girl cuz I wasn't raised like that  
You accusing me  
Should be checking him  
Insecure of me  
Cuz I dealt wit him  
Woman to woman I ain't got time for foolishness  
I'm out the door  
This is my cue  
I can't go through with this

Why you actin like you don't know  
Who I am  
After all the trips, all time we spent  
Now you act like we weren't doin it  
Why you actin like you don't know  
Girl I know your man  
I drove his whip, I know all his friends  
And I know its gone hurt you proving it  
Why you actin like you don't know  
Who I am  
After all the trips, all time we spent  
You gone act like we weren't doin it  
Why you actin like you don't know  
Girl I know your man  
After all the trips, all time we spent  
And I know its gone hurt you proving it

Why you actin like you don't know  
Why you actin like you don't know  
Why you actin like you don't know  
Why you actin like you don't know  
Why you actin like you don't know  
Girl I know your man  
After all the trips, all time we spent  
I know its gone hurt you proving it
