What if you knew how i felt?
if i were made of glass you'd see how this separation is
poisoning me
the effect of misplacing emotions is the opposite of
beginning love anew
and through it all our promises will slowly shatter to
tears
re-affirm the fact that you've made a big mistake and
even now flashbacks turn you away

extend your hand so that i may spit in it
close it now and take my gift
i don't want to see you anymore
i don't wanna hate you like i do
i'm tired of everything and when i said i love you i lied
