How far I'll fly
Napoleon Movie 1995
Music by Bill Conti
Theres a new world out there,
Coming to find me
Everything's waiting up ahead
Nothings behind me,
If I don't dream
If I don't try,
How will I know how far ill fly?

I'm high flying and free
There's a sun rising for me,
There may be cities beyond the roof tops
Oceans beyond the seas
Ill fly out to a far away sky,
No one has travelled so far
Out to a far away star
Maybe farther.

There's a new world out there,
Coming to find me
Everything's waiting up ahead
Nothings behind me,
If I don't dream
If I don't try,
How will I know how far ill fly?

There may be mountain peaks,
I want to slide down,
There may be rivers fast and wide
I want to ride down
If I don't dream
If I don't try
How will I know how far ill fly.
