She looked around her  
A village burned to the ground  
Scorched bodies  
She used to know their names  
These motherfuckers can't get away  
They took her son, her love, her face  
She has found the spell  
She has found the way

She summons you to battle  
Revenge is her own struggle  
She calls, she sings, she chants away

Soar like an eagle  
Winged panther from the north  
Wear the fur of the devil  
Blowing through the shadowed sky  
Your one eye of power  
Beams wild blue fire  
For your enemies last hour  
You raging beast from hell

The last one alive  
She asked me of her fate  
Make her my whore, bludgeon  
Or decapitate  
I drag my blade across her fucking face  
To wander these lands alone in shame  
To speak the horrors of my name o know their names  
These motherfuckers can't get away  
They took her son, her love, her face  
She has found the spell  
She has found the way

She summons you to battle  
Revenge is her own struggle  
She calls, she sings, she chants away

Soar like an eagle  
Winged panther from the north  
Wear the fur of the devil  
Blowing through the shadowed sky

Your one eye of power  
Beams wild blue fire  
For your enemies last hour  
You raging beast from hell

The last one alive  
She asked me of her fate  
Make her my whore, bludgeon  
Or decapitate  
I drag my blade across her fucking face  
To wander these lands alone in shame  
To speak the horrors of my name

She summons you to battle  
Revenge is her own struggle  
She calls, she sings, she chants away

Soar like an eagle  
Winged panther from the north  
Wear the fur of the devil  
Blowing through the shadowed sky  
Your one eye of power  
Beams wild blue fire  
For your enemies last hour  
You raging beast from hell

By the innocents who have passed  
I will avenge my hero's death  
With these ancient words  
Oh come here beast of hell

All have failed to stop us  
Men slaughtered and giants felled  
This conjured beast will surely die

Soar like an eagle  
Winged panther from the north  
Wear the fur of the devil  
Blowing through the shadowed sky  
Your one eye of power  
Beams wild blue fire  
For your enemies last hour  
You raging beast from hell

Winged panther from the north  
Wear the fur of the devil  
Blowing through the shadowed sky  
Your one eye of power  
Beams wild blue fire  
For your enemies last hour  
You raging beast from hell
