As I turn my face two ways
Take a hold
There can be no hesitation.
(Tonight) Tonight, I must fight.
This won't be long
I will meet you when I'm strong.
Ashes in my eyes bring scars of deception.
Blinded I am, forgive me.
Forgive me, for I was wrong.

[Chorus]
There can be no hesitation
Take my hand
There can be no regrets

As I turn my face two ways
Take a hold
There can be no hesitation.

(Tonight) Tonight, I must fight.
This won't be long
I will meet you when I'm strong.
Ashes in my eyes bring scars of deception.
Blinded I am, forgive me.
Forgive me, for I was wrong.

[Chorus]

Take this blindfold from me (x2)

There can be no hesitation
Take my hand

There can be (there can be) no regrets (regrets)
There can be (there can be) no regrets
