Witches been slaughtered at the stakes  
They've been burned, 'cause  
They were in league with Satan  
Poeples delighted themselves  
When this creatures burned painfully

Witches decided to take vengeance  
Satan sent a legion of poisoned rats  
The warriors of death and most evil inhuman

[CHORUS:]  
The sentence of death  
Drives you to despair  
God can't help ya  
You shoveld your own grave

Now the mortal is in the bondage of Satan  
Without mercy they persecuted people  
Got a place in hell reserved for you
