When I'm alone, and thinkin' of death  
Thinkin' about the world and when it will end  
Thinkin' of what is accepted and accepted as true  
They're all just fuckin' lies!  
AWARE! BEWARE! WAR! The war that is so come  
The beast in man has been caged far too long  
No longer are we the wild wolves of old  
The cross has taken our talons and taken our soul  
The Eternal Glory Of War  
This song is a stab to the hearts  
Of those who would have us feel guilty for our past  
Fuck all this remorse and fuckin' regret  
They are a curse and a disease of Christianity that  
leads to our death  
HAIL! Those who would give us hope  
HAIL! Those who have seen beyond the dawn  
HAIL! To those who have fought and won our wars  
HAIL! To those who have kept the fire burning  
The Eternal Glory Of War  
The spirit of the War-dead call out our name  
They call us to remember and rekindle the flames  
The spirit of the War-dead never died  
They live on in our hearts through Spirit and Pride  
The spirit of the War-dead are your ancestors tool  
There is no shame in who and what we are  
Look within and find out who you are  
The Eternal Glory Of War  
And it seems the Winds of change are upon us again  
The tides have risen and the seas are black  
It seems we're here to bear witness to the world on it's  
knees at it's death  
But have no fear for the world ends for us all in the  
end!  
War and Death, Inevitable!  
Liars, cheats, cunts and fuckin' whores  
I want you all against the fuckin' wall  
You are traitors to everything that was ever yours  
There's nothing left for this world but war  
The Eternal Glory Of War
