What would be if rules would be wrong
If the words of your God are just a sad song?
Maybe your friends are your worst enemies
Bad expectation spread fear like a deadly disease

What would be if dreams are the grave
Of inhuman ethics? Am I just a slave?
If eyes could talk the blind would be king
Hunger, damnation, war, suffering

Dungeon dreams
Scary, bloody screams
Nocturnal ride
Schizophrenic suicide

Welcome to this nightmare
Welcome to the house of pain
Welcome to this nightmare
Welcome to the house of pain

What would be if time is too slow
To measure our standards in the death row?
Imagine intelligence would rule on this world
Manipulation would be something we've never heard

Dungeon dreams
Scary, bloody screams
Nocturnal ride
Schizophrenic suicide

Welcome to this nightmare
Welcome to the house of pain
Welcome to this nightmare
Welcome to the house of pain

Meet your destiny
In the race of pain, nothing will remain
Meet your destiny
Forming the end, we will pretend

Meet your destiny
Human pigs are the worst animals

Meet your destiny
Only bad dreams, reality

Welcome to this nightmare
Welcome to the house of pain
Welcome to this nightmare
Welcome to the house of pain
