We all have something to hide  
We all have 'another side'  
None shall defy his deeds  
None shall deny his evil needs

Have a look in the mirror, what do you see  
Is this person your friend  
Or your worst enemy  
Take a reflection, look back, dive into the past  
Did you recognize that nothing's there to last?

No one!  
No one!

We all have something to hide  
We all have 'another side'  
None shall defy his deeds  
None shall deny his evil needs

No - no one shall survive  
The inner-strife  
Face the deadly dive  
No one shall survive

The diary of a sad man did create a madman  
The voices in your head, twisted your mind - no more  
plan  
Looking for the resurrection this story of reflection  
Make a clean sweep of your past nothing's there to  
last!

No one!  
No one!

Witnesses erased  
Reality replaced

Detection close to zero  
Survivors will never be the hero!

Have a look in the mirror, what do you see

Is this person your friend  
Or your worst enemy  
Take a reflection, look back, dive into the past  
Did you recognize that nothing's there to last?

No one!  
No one!
