[Bonus track]

[DIO cover]

It's the same old song  
You gotta be somewhere at sometime  
They never let you fly

It's like broken glass  
You get cut before you see it  
So open up your eyes

You've got desire so let it out  
You've got the fire stand up and shout  
Shout stand up and shout

You've got wings of steel  
But they never really move you  
You only seem to crawl

You've been nailed to the wheel  
But never really turning  
You know you've got to want it all

You've got desire so let it out  
You've got the fire stand up and shout  
Shout stand up and shout let it out

You are the strongest chain  
And not just some reflection  
So never hide again

You are the driver you own the road  
You are the fire go on explode  
You've got desire so let it out  
You've got the power

Stand up and shout hey  
Stand up and shout let it out  
Stand up and shout

Rest in peace
