We are blessed cause we all go in the end  
It's makes no sense to betray and pretend  
We are blessed cause we all go in the end  
It's makes no sense to betray and pretend

In a world that needs a new hero every day  
The main goal is the headline needs to fuckin slay  
We are lustful pigs - keen on a new sensation  
Sucking up enjoying our own desecration

Death - there is one thing we can't betray  
Safe to say - to dust to dust to dust  
To dust we will decay  
To dust - to dust - to dust even if we pray!  
To dust to dust to dust  
To dust we will decay

Take my advise and be more than prepared  
On Judgment day nothing will be shared  
Asked yourself if life is just one scam  
Why the hell do you really give a damn?

In a world that needs a new hero every day  
The main goal is the headline needs to fuckin slay  
We are lustful pigs keen on a new sensation  
Sucking up enjoying our own desecration

Death - there is one thing we can't betray  
Safe to say to dust to dust to dust  
To dust we will decay  
To dust to dust - to dust - even if we pray!  
To dust-to dust to dust  
To dust we will decay

What's the meaning of our system if we can't enjoy  
Time that is given to us to make the best of being a toy!

In a world that needs a new hero every day  
The main goal is the headline needs to funkin' slay  
We are all lustful pigs - keen on a new sensation  
Sucking up and enjoying our own desecration

Death - there is one thing we can't betray  
Safe to say to dust to dust to dust  
To dust we will decay  
To dust - to dust to dust - even if we pray!  
To dust -to dust to dust  
To dust we will decay
