

## Desultory "Depression"

Depression touches me, deep inside  
Emptiness fills my mind  
Loss of lifelust, loss of tears  
Veils of sorrow, end is near  
Loss of feelings, loss of trust  
All my visions turns to dust

No one hears my cries  
Loneliness arise  
Trying to break free  
Severe reality

Confusion rules me, leads astray  
Happiness so far away  
Loss of interest, loss of hope  
Life pass by far to slow  
Loss of senses, apathy  
Shades of black blindfolds me  
Causing wounds  
That time won't heal  
A grim reality  
Will now reveal  
(repeat)

Now life seems to cease  
Nothing will be the same again

No one hears my cries  
Loneliness arise  
Trying to break free  
Severe reality

Illusions leads me to agony  
Trapped inside, disharmony  
Loss of lifelust, loss of tears  
Veils of sorrow, ending nears  
Loss of feelings, loss of trust  
All my visions turns to dust
