I just hate stupid people.
They should have to wear signs that just say I'm stupid.
That way you wouldn't rely on them, would you?
You wouldn't ask them anything. It would be like,
"Excuse me...oops,
never mind"
"I didn't see your sign."

It's like before my wife and I moved from Texas to
California our house
was full
of boxes and there was a u-Haul truck in our driveway.
My friend comes over and says, "Hey, You moving?"

"Nope."

"We just pack our stuff up once or twice a week. Just to
see how many
boxes it takes."

"Here's your sign."

Why can't they get the picture? Why don't they
understand?
We're not dealing with the planet of apes, we're talking
about the
modern man.
So you people with them itsy bitsy teensie weensie tiny
minds...
Here's your sign. Here's your sign.

A couple of months ago I went fishing with a buddy of
mine, we pulled
his boat
into the dock, I lifted up this big 'ol stringer of bass this
idiot on
the dock
goes, "Hey, yall catch all them fish?"

Nope.

"Talked 'em into giving up."

"Here's your sign."

I was out in the front yard with my boy the other day
and he was
playing with his little friend, and he hit his friend and I
went up to
him
and I said "Hey, (smacks his boy), we don't hit." He
looked up at me
like, "Here's your sign, dad."

Why can't they get the picture? Why don't they
understand?
We're not dealing with the planet of apes, we're talking
about the
modern man.
So you people with them itsy bitsy teensie weensie tiny
minds...
Here's your sign. Here's your sign.

I was watching one of those animal shows on the
Discovery Channel, there
was a guy
inventing a shark bite suit. There's only one way to test
that.
"Alright Jimmy, you got that shark suit on, it looks
good... They want
you to jump
into this pool of sharks, and you tell us if it hurts when
they bite
you."

"Well alright....hold my sign, I don't wanna loose it"

Why can't they get the picture? Why don't they
understand?
We're not dealing with the planet of apes, we're talking
about the
modern man.
So you people with them itsy bitsy teensie weensie tiny
minds...
Here's your sign. Here's your sign.

Last time I was home I was driving around I had a flat
tire, I pulled my
truck into one
of these side-of-the-road gas stations, the attendant
walks out, looks
at my truck,
looks at me, I swear to GOD he went, "Tire go flat?"

I couldn't resist.

I said "Nope".

"No I was driving around and those other three just swelled right up on me."

"Here's your sign."

Why can't they get the picture? Why don't they understand?

We're not dealing with the planet of apes, we're talking about the modern man.

So you people with them itsy bitsy teensie weensie tiny minds...

People with them little bitty teenie weenie tiny monds...
Here's your sign.

We were trying to sell our car about a year ago, a guy come over to the house, drove the car around for about 45 minutes. We get back to the house, he gets out of the car, reaches down and grabs the exhaust pipe, then goes, "Damn that's hot!"

See...

If he'd been wearing his sign, I could have stopped him.
