I'm sorry to hear, of a tragedy in Connecticut  
An act of depravity, that should not have been

May God bless the souls lost,  
And comfort the ones not  
This day will never be forgotten  
And will leave sorrow in our hearts

May peace be found,  
and fighting cease to be  
May humanity learn to get along

May God bless the souls lost,  
And comfort the ones not  
This day will never be forgotten  
And will leave sorrow in our hearts

I pray for Connecticut to find closure  
And may you heal...
