(our father being prayed)
Thou Shall Not... Kill!

Society!
Don't just believe what you are told,
Their oppressive bullshit is getting old!
You must stand up, be bold!
Do you really buy all you hear?
The time to rise and overtake is near!
Until you take back your souls,
You are all Society's whores!
Fuck religion,
Fuck the law,
Fuck it!
Fuck it all!
You must be bold!
Let the truth unfold!
Let our time dawn!
From us, an era of truth shall spawn!
Free the souls of all you meet,
Help them stand freely on their feet!
Stand on your feet!
Arise, and give Society a harsh defeat!
A harsh defeat!
Conquer, defeat!
