Burn!

You're dead, you sick old perv!

I'll shove a scalding, orange knife in your eye!

Next thing you you know you'll be on the floor, with your
brains out your nose!

That's not enough blood for me!

In minutes, I'll make that what you pee!

Cut your balls off, shove them in your mouth!

Think that's bad, wait 'til I cut your dick off!

Saw off your arms, grind them into beef!

Mmmm, tasty dog meat!

Cut you a fuck crack with a long, burning screw!

Remind you of what you used to do?

You're not dead yet, and hell, I'm glad!

It's time to pour gas on your head!

Light you up and leave you for dead!

(sadistic laughing)

Go to hell motherfucker!

Go get raped by the devil himself!
