Putrid beast  
Mutant with a bloody fist  
Puking acid in the night

You're diseased  
Medical experiments  
Took away your human life

For a fee  
Just a student with no money  
Grabbed a flyer  
Paid the price

Sharp injection  
Brain inspection  
Pulsing anger  
Mutant rancor

Splattered blood  
Doctor laying on the floor  
Larynx bleeding in your hand

Bloody teeth  
First of many you'll be killing  
Make your way into the street

Finally  
The gasoline and dynamite  
Will light the sky  
For the night

Sharp injection  
Brain inspection  
Pulsing anger  
Mutant rancor

There's nothing to save  
You're my slave  
Burn the Earth  
For minimum wage

Burn (x6)

Pour the gas  
Light the match  
Burn (x8)

Deth filled streets  
Killed with tusks  
Once held life  
Now lie husks

Burn (x4)

Burn it away get fucking paid (x2)

Incinerate organic hate (x2)

Dump all the waste poison this place (x2)

Burn it away get fucking paid (x2)

NOW

Sharp injection  
Brain inspection  
Pulsing anger  
Mutant rancor

There's nothing to save  
You're my slave  
Burn the Earth  
For minimum wage (x2)
