I ejaculate fire  
A venomous fluid, cantankerous druid  
It kills when I breed, with my Deth seed  
Checkmate  
Worlds die when I procreate  
A bloody mess, bubbles with heat  
Fear the splattering, acidic de-mattering  
it burns, I'm fried to my loins.  
Testicular propane, tanks exploding

I perpetuate bile  
A built up congestion  
Epidydmal retention  
My semen is flames  
Flagellum is pain  
Fuck fate!  
Earth's crushed from atomic weight  
With a hardened thrust  
Deep in the core  
A seismic tunneling  
A rhythmic pummeling  
Incinerate  
The molten rock  
A rancid genetic cannon fire!

Murdering, knew, nothing, outcast  
Choke on gas, kill my sperm

Fate wont lead fast enough  
Come coagulating blackness  
When can I re-decorate?  
Save for me the glorious Deththreats  
Gasoline pumps through my heart  
Poison coursing somewhere, down in that place  
I feel the anger pulse again  
Its been building  
Its been building  
Explode

Found my mission  
Deth ambition
