I would like to take this time to congratulate the two of  
you

Your lives are a vision of hell

Death will do you part

Now kiss your ass goodbye

So glad, such a big step you made

Tied the knot, rotting blackened veins

Opened bar has closed forever

Spend your fucking lives together

Time passes

We rot

Good riddance

My own thoughts

Trapped in a cage

Behind the fences

Must you complete

All of my sentences?

Only way out is your death
