Hidden beneath the surface  
Colliding with thick lower clouds  
Where layers are formed  
Along the dark serrated floors

When the candle lights fade  
Options are instantly decimated  
All solutions are erased  
And by now, your lungs deadly carbonated

Chokedamp  
In silence you gain admiration  
Extinguisher of light  
Origin of damnation

Light killing blackdamp  
Combustible sources that feed from the fires

Pathways are blocked  
Your senses gone numb  
Primal instincts now activated  
All systems are in shock  
And by now, hope to prevail has been decimated

Chokedamp  
In silence you gain admiration  
Extinguisher of light  
Origin of damnation

[Lead: Ferguson]

Physical unstableness  
Our minds assaulted with chemicals  
Heads lost in the dark  
There will be no place left to hide  
Light killing blackdamp

[Lead: Romeijn]  
[2nd Lead: Romeijn]

Chokedamp  
In silence you gain admiration

Extinguisher of light  
Origin of damnation
