Insanity has come  
The strength unveiled  
It's fury unleashed  
From a place once concealed

I have failed to see  
Failed to learn  
Is this the end of my fall?  
Or am I still falling?

I'm awake, but dreaming  
I'm dead, yet breathing  
I cannot face reality  
I cannot avoid fatality

You can't deny my suffering  
Just taste the aura of pain that is surrounding me  
A rejection of light so easy to see  
I'm trapped in a world of sodomy

I have failed to see  
Failed to learn  
Is this the end of my fall?  
Or am I still falling?

Awake, but dreaming  
I'm dead, yet breathing  
I cannot face reality  
I cannot avoid fatality

Awake, but dreaming  
I'm dead, yet breathing  
I cannot face reality  
I cannot avoid fatality
