You are all that is disgusting  
And filthy of this world  
The bastard son of a whore  
Who led a thousand maniacs to her womb.

To her womb! To her womb...

I rid myself of the sewer swine  
And all that lies beneath  
I rid myself of death  
Which is far too lenient a task for thou thus deserving...  
Deserving death!

I rid myself of the sewer swine  
And all that lies beneath  
I rid myself of death  
Which is far too lenient a task for thou thus deserving...

Deserving death!
