

Detonation

"Failure To Commit"

Visit "[Failure To Commit](#)" on MotoLyrics.com

Prey, I challenge you
Come forth, and taste your fate
From the depths of lust
Into a source of purity

Blood red eyes, bleeding
Become pure blue again
Failure to commit

Thy presence, my blindness
Oh, how dedicated can one be?

Reborn, but not yet renewed

Thou shalt walk through my dreams
And bring victory to reality
Before ignorance beckons

How intense, outer appearance seems.
The inner drama, I do not want to see
What is waiting down inside,
What is growing, yet not living
Leave your shadow behind.
